- When registering your child for camp, a current physical examination and immunization data sheet must be included for each child.
- If you have submitted these forms to a Great Neck Public School nurse during the past school year, please request this information from your school nurse. You must verify with the Recreation Department that your child(ren)s physical was received from the nurse.
- Due to regulations of the Nassau County Department of Health, children will not be able to attend the Summer Recreation Program unless a valid physical is on file.

**Physical Exams must be valid through 08/13/2021.** Exams dated prior to 08/13/20 will expire during the camp period, and it is the parent's responsibilities to provide an updated exam. Any child whose physical exam expires during camp will be removed from attending until a valid exam is provided to the district's main Recreation Office.

The Great Neck Recreation Program follows the same NYS regulations for dispensing medications to students as the school district does during the school year. All medications must be in the prescriptive bottle and have a doctor's prescription and a parent's permission slip. Medications will be given by the camp nurse as directed by the physician.
